|----|--|--------------|
|    |  | 25X1         |
|    | :  |              |
| 2. | a. On 16 Hovember 1949 it was observed that an AA gun emplecement in the former Red-Cross area had been vacated.   | 12           |
|    | b. About 100 recruits were observed to errive in Potsdam and march to the former Kavallerie Schule, Krampnitz (A 53/Z 64), on 28 November 1949.  |              |
|    | c. on 29 November 1949 it was learned that, in the garde Ulanen Kaserne on Pappelallee, a unit with red epaulets had been replaced by a signal unit whose personnel were black epaulets with the wheel-and-lightning insignia. |              |
|    | (1) It was observed in early December 1949 that prisoners wearing civilian clothes were daily brought to a newly established jail in the yard of the Garde Ulanen Kaserne (6).   |              |
|    | d. gix caterpillar tractors towing guns of about 180 nm caliber moved from the direction of Medlitz toward Doeberitz (N 53/2 65) on 29 November 1949.  |              |
|    | e. The following information on kasernes in the Potsdam area was obtained on 7 and 8 December 1949:  | ;<br>9       |
|    | (1) Lasernes in Modlitz (7):  Geoupied by about 1,000 troops. Trucks  and ambulances  were observed.   | 25X1<br>25X1 |
|    | (2) Former Mavallerie Schule, Krampnitz (8):   |              |
|    | occupied to capacity by about 1,500 troops.  | , ,          |
|    | (3) General Wever Kaserne, Potsdam-Eiche (9): Occupied by artillery units of 800 to 1,000 men.   |              |
|    | (a) The units were said to have recently been reinforced. Troops were restricted to quarters.  |              |
|    | (b) Trucks   |              |
|    |  |              |
| 3. | The panzer Kaserne in Krampnitz was occupied to capacity on 15 pecember 1949 (8). Lout 150 soldiers from the kaserne made a practice attack on the nearby terrain. Instruction officers were tank insignia.                    |              |
|    | a. Passonger cars:   |              |
|    |  |              |
|    | b. No heavy weapons were observed.   |              |
|    | coment:  |              |
|    | Nine of the 23 kasernes and quartering objects known in the potsdam area were mentioned in the report.   |              |
